I am glad that my suggestion has been favourably viewed by the Departments concerned. I consider that the proposal of the Dc. Mysore is a good one. There is now at Mysore an officer in charge of the Mysore Dt. Dy. who is not likely to be shifted. He would be able to help the Personal asst. whenever the latter goes out of Head qrs on Land Acqn. work. The retrenchment measure proposed may be adopted without sacrifice of efficiency.

Retrenchment of the post of Personal Assistant to the Deputy Commissioner of Mysore.

In consultation with the Chief Engineer, Krishnarajasagara Works, the Deputy Commissioner, Mysore District, has proposed that in view of the curtailment of the grants under Krishnarajasagara Works and the consequent reduction in the work of the Special Land Acquisition Officer, Krishnarajasagara Works, the latter officer may be required to look after the duties of the Personal Assistant to the Deputy Commissioner also and that the post of Personal Assistant may be retrenched. 2. The following are the deviations that will occur:-

(1.) It is anticipated that the credits anticipated will be less on account of the fall in prices of lands.

(2.) It is found that certain lands awarded for compensation under Chamaraja channel cannot be irrigated owing to their being too high or ~~at~~ being at the tail end.

(3.) Crop compensation has been awarded in numerous cases and this sub-head is likely to be exceeded.

(4.) The establishment charges will go high on account of reduced grants. Hence revision of estimates necessary.

Sir,

I have the honour to state that on account of Financial Stringency, the grant of Rs.2.60 lakhs for compensation under Dam Works will be reduced to Rs. 2 lakhs and you may consider, therefore, that only Rs. 2 lakhs is the grant available for the current year's operations. If possible, I request that the expenditure may be still further reduced ~~if possible~~ ~~the financial situation in the remaining part of the year cannot be foreseen~~ and ~~may become worse~~

2. The matter has been discussed with the Special Land Acquisition Officer and he stated that lands upto plus 120 level of the reservoir had been compensated for already except as regards a small area. Since water level can be kept down to plus 120 for some years to come, the acquisition work may, go on

slowly, although such an arrangement involves slight excesses under establishment charges. Government want grants to be surrendered although establishment charges may increase owing to reduced grants and the question of excess under this head will be brought to the notice of Government.

3. In the circumstances explained, it will be seen that it is necessary to go into the whole matter relating to compensation once more and to submit a revised estimate, as early as possible. It is reported that the amount under credits is likely to be less than anticipated and further that some of the lands already awarded under the Chamaraja Right Bank channel cannot be irrigated at the tail end and hence new awards will be necessary. Crop compensation has been awarded on a much larger scale than originally estimated for. These charges will result in deviations and excesses in some of the sub-heads. I request, therefore, that the estimates may be caused to be revised avoiding excesses as far as possible and submitted to Government, at an early date after consideration by the Compensation Committee.

Dear Mr. Hiriannaiya,

In view of the curtailment of the grant under Krishnarajasagara Works and the consequent reduction in the work of the Special Land Acquisition Officer, K.R.S. Works, the question of giving additional work to that officer is under the consideration of Government. In this connection, the Deputy Commissioner, Mysore District, has suggested that as the land acquisition work is likely to prolong, the Land Acquisition Officer may be required to look after the duties of the Personal Assistant to the Deputy Commissioner also and that the latter post may be retrenched during the period. Government will be glad to have your opinion in the matter.

My dear Sir,

In reply to your D.O. letter No.2146/ C.B. dated 9th October 1931, I write to state that as I have not yet inspected the office of the Special Land Acquisition Officer, Krishnarajasagara Works, I am not in a position to give a definite reply in the matter. However, as the Deputy Commissioner, Mysore, who knows the work of both officers is in favour of retrenching one, I have no objection to the proposal made by him. But, it is important that the land acquisition proceedings should not be allowed to drag on and I propose inspecting the office of the Special Land Acquisition Officer when I go to Mysore for the Dasara. If the matter can wait till then, I should like final orders being held in abeyance for about a fortnight more.

Yours sincerely,

Dear Sir,

In reply to your D.O. letter No.2196/C.B. dated 15th October 1931 enquiring whether the Offices of the Special Land Acquisition Officer, Krishnarajasagara Works and the Personal Assistant to the Deputy Commissioner, Mysore District, may be combined, I write to state that I inspected the Land Acquisition Office last week and have also had a talk with the Secretary, Krishnarajasagara Works and the Deputy Commissioner, Mysore District.

In view of the reduced grant for compensation, the combination of the two offices may be tried as a measure of retrenchment. But there are a certain number of acquisition cases, which are complicated and which require an inspection of the spot and which, if not promptly settled, are likely to cause loss and inconvenience to the people. I would, therefore, propose that the Special Land Acquisition Officer may continue in sole charge of his present duties till 1st January 193[illegible], by which time he should be able, by intensive application to the disposal of the cases referred to above, to settle all urgent and complicated cases. The remaining work may, thereafter, be conveniently attended to, by him, in addition to his duties as Personal Assistant to the Deputy Commissioner. Orders may issue accordingly.

It is, of course, necessary that the Office of Special Land Acquisition Officer should continue as a separate unit and should not be amalgamated with the other Sections of the Deputy Commissioner's Office. There is yet a good deal of acquisition work to do before the full supply level of 124 is reached.

I have also taken up the question of removing the Acquisition Office to the District Office Buildings,

and thereby, save a rent of Rs.80/- per mensem. I shall make a separate reference about this later on.

Yours sincerely.

Government Order No. P. W. 233-37—K. S. S., 1024-28, dated 10th September 1931, sanctioning the continuance of the term of the Land Acquisition Establishment connected with the Krishnarajasagara Works up to the end of December 1932.

2. Correspondence ending with letter No. 1430—31-32, dated 30th October 1931, from the Revenue Commissioner in the matter of entrusting the Special Land Acquisition Officer, Krishnarajasagara Works with additional work.

ORDER NO. 2588-92—C. B. 83-31-1, DATED 12TH DECEMBER 1931.

As the curtailment of the grants under Krishnarajasagara Works was expected to result in a substantial reduction in the work of the Special Land Acquisition Officer, the Deputy Commissioner, Mysore District and the Revenue Commissioner were consulted in regard to the question of giving some additional work to the Land Acquisition Officer. After personal inspection of the work of the Land Acquisition Office and in consultation with the Deputy Commissioner, Mysore District and the Chief Engineer, Krishnarajasagara Works, the Revenue Commissioner is of opinion that the Special Land Acquisition Officer may continue in sole charge of his present duties till the end of December 1931, by which time he should be able by intensive application to settle all urgent and complicated cases requiring an inspection of the spot, etc., and that from 1st January 1932, the Land Acquisition Officer can attend to the work of Personal Assistant to the Deputy Commissioner, Mysore District, in addition to Land Acquisition Work.

Government agree with the above view and accordingly direct that the post of Personal Assistant be kept in suspense from 1st January 1932 until further orders and that the Special Land Acquisition Officer, Krishnarajasagara Works, be placed in additional charge of the duties of the Personal Assistant also.

The salary of the Officer will be debited to the Krishnarajasagara Works and Revenue Department in equal proportions.

The Office of the Special Land Acquisition Officer will, for the present, continue as a separate unit, but it will be transferred from the present rented building to the District Office Building.
